

VIRGINIA WOMEN ARE MAKING HISTORY

The Virginia Women's Monument: Voices from the Garden is the first monument in the nation celebrating the full range of women's significant achievements and contributions to a state's history.

When completed, 12 life-size bronze statues will join 230 names inscribed on the Wall of Honor to tell the powerful story of women in the fields of education, business, science, music, literature, law, engineering, civic affairs and many more. The monument will continue to evolve as names of more outstanding women are added in the future.

The Virginia Women's Monument honors the legacy of these remarkable women and serves as inspiration for a new generation of dreamers and achievers.

BE A PART OF HISTORY.

Make a contribution today at VirginiaCapitol.gov to ensure that the whole story of Virginia's 400-year history is told.
