

Ask your neighbor.

They are our neighbors too!

Come check out our large variety of bedroom sets, living room sets, motion recliners, dinettes, and mattresses. You can also visit us at robertsfurniture.com

There are a few questions we always get when we have people coming in looking for new furniture. One being, "where is it made?" The second question is, "what is it made out of?" This is very easy for us to answer when it comes to our Vaughan-Bassett Artisan-Post Line. We answer it proudly with a smile: It is made here in the United States, to take it one more step it is made here in Virginia, and to put a cherry on top it is solid wood with the different finish options in each of the collections they offer. With your new bedroom don't forget to try out our Serta Icomfort line so you can start getting a better night's sleep.

Now we do it all, so if a bedroom set is not what you're in the market for; don't worry, we carry the manufacturers that you can cozy up to when spending time with your family. Whether it be for a sofa, a sectional, or if you just want to kick up your feet in a recliner, We offer companies like Craftmaster, Best Home Furnishings, and Palliser Furniture, where the options keep on coming. So if you're building a new home or just giving your existing home a new look; stop in and see what we can offer you.
