Bring The Cleaning Power Of Nature Indoors

airscrubber PLUS
BY ACTIVTEC ENVIRONMENTAL

CLEANS
 Air Scrubber Plus® with ActivPure™ technology, makes cleaning surfaces, mopping up offending odors, and reducing harmful airborne contaminants as simple as turning on your furnace, fan or air conditioning system.

FRESHENS
 Why spray and scrub surfaces or disguise strong odors with toxic chemicals? Air Scrubber Plus® not only purifies the air in your home, it reduces strong odors by naturally mopping up the particles that keep those odors lingering in the air.

PURIFIES
 Unlike air filters that are passive — Air Scrubbers Plus® actively treats the air by continually sending out ActivePure™ scrubbers throughout your home to greatly reduce chemicals, dangerous contaminants, mold, odors, and pollutants in the air.
