"We live in Crozet, near Ivy Road House and have passed it almost daily for over a year. We finally decided to try it with friends visiting from out of town. We were not disappointed! The staff was welcoming and we experienced great service. The place is great for a casual atmosphere and great food. We'll be back!"

So glad to have a restaurant in Crozet which can be trusted to deliver a delightful dining experience without having to trek into Charlottesville. Don't let the outside cause you to judge what's inside! Great vibe, clean, and nicely decorated. Delicious variety of [menu] selections without being overwhelming. There's something for everybody; even the kids. [...] Customer Service friendly and attentive.

What more could you ask for? Way to go, Ivy Road House! Stellar performance.
