

# Notice of change in delivery

We're proud of our work, and we want everyone in the region to read it.

**Starting Nov. 17**, the Loudoun Times-Mirror will be delivered to every household in our coverage area on a rotating basis. And we will begin delivery to all readers with the US Postal Service, **so your paper will arrive clean, dry, and safe - right to your mailbox.**

## **WHAT THIS MEANS FOR YOU AS A READER**

Because Loudoun is such a big and diverse county, we are going to rotate our free delivery service through different households every month or so. That gives everyone a chance to read our work.

But it does mean that if you are relying on free delivery every week, you may miss some issues!

Fortunately, with a Loudoun Times-Mirror subscription, you don't have to worry about that. A subscription guarantees you the news each week, plus unlimited digital access, for just \$9.99 a month.

We encourage you to support award-winning local journalism for Loudoun County and ensure uninterrupted access to the news with a subscription. You can also pick up a paper at most stores in our coverage area.

## **WHAT THIS MEANS FOR YOU AS AN ADVERTISER**

The Times-Mirror is already Loudoun County's best and most-read local newspaper. **Our new delivery model ensures your message reaches every household in the coverage area over the course of the year.**

That makes Loudoun Times-Mirror your best tool for reaching the biggest Loudoun County audience, in print and online.
